

K12 Comparative Embryology

Exercise 2 – Animal Embryo Development

Using the above graph, colour the stage table below to show each developmental week range for each species over the weeks 1 to 8. See chicken example in table.

Stage	9	10	11	12	13	14	16	17	18	19	20	21	22	23
Animal														
Chicken	Week 1										Week 2			

Which animal species have the most similar developmental stages/weeks?
